

4 Protestant Churchmen In Bulgaria Given Life Sentences

Sofia, March 8 (AP)—The four top defendants in Bulgaria's spy trial of Protestant churchmen were sentenced today to life imprisonment.

They were Vassil Ziapkov, 48, Congregationalist minister; Yanko Ivanov, 48, Methodist; Nikola Naumov, 49, Baptist; and Georgi Chernev, 46, Pentecostal. Each was fined 1,000,000 leva, or about \$3,750.

The Moscow-trained prosecutor, Dimitar Georgiev, had demanded death terms for each and long prison terms for 11 other churchmen on trial with them. All were accused of spying for the United States and Britain and of black market currency dealings. Ziapkov also was accused of treason.

The four leading defendants were sentenced additionally to loss of civil rights and confiscation of all property.

More Than Life

Ziapkov, the main defendant and religious representative of the Protestant denominations, was accused of leading an organized intelligence net for the two Western powers. Added to his life sentence was a five-year term on a count of spreading rumors about the country's economic life. He got also a 15-year sentence for allegedly trying to incite against the government.

All the 15 ministers had abjectly confessed during the trial. Seven wept copiously as they professed their guilt and said they had become convinced during their imprisonment that Communism is best for Bulgaria.

Other sentences were: Lambri Mishkov, 41, Congregationalist, 15 years for spying, three years for spreading false rumors and a fine of 250,000 leva, or about \$937.50.

Georgi Vassev, 48, Baptist minister, got the same sentence as Mishkov.

ROTARIANS ARE TOLD OF WORK OF FIRE BOARD

The work of the National Board of Fire Underwriters, an organization sponsored by over 200 capital stock fire insurance companies in the United States, was outlined Monday evening at the regular meeting of the local Rotary club at the YWCA by George Fissel, local insurance agent.

Among the duties of the council is to keep statistics on fire losses, to study methods of building construction and the like for fire prevention, to draw up model fire codes and to provide an educational service.

DE SOTO CARS ON DISPLAY AT TWO GARAGES

Completely new from bumper to bumper, a new line of De Soto cars are now on display at Phil's garage, York street, and the Biglerville garage.

Introduced under the slogan "The car designed with you in mind," the new De Sotos were built to take advantage of the beauty of modern design without sacrificing comfort, safety, or convenience.

The cars have a longer wheelbase, so that passengers ride cradled between the axles, yet over-all length has been slightly reduced. Seats are much wider, yet over-all.

Council Names Committee On Comfort Station; Budget Is Adopted; Keep Old Tax Rate

A committee of three members of the borough council was named Monday night at the regular council meeting in the engine house by Council President H. M. Oyler as a "Comfort Station" committee, following a report by Burgess C. A. Heiges on progress toward obtaining plans and estimates.

The committee, named at the request of the burgess, is composed of Fred A. Hummelbaugh, chairman; L. D. Shearer and Wilbur J. Stallsmith.

Burgess Heiges estimated the probable cost of a comfort station beneath the pavement in Center square at \$35,000.00 and said "the women are ready to go ahead to raise the money." He referred to women's organizations which he said favored the comfort station idea and were willing to conduct a financial campaign to raise funds for it.

"We have five or six contractors waiting to bid on it," the burgess added. Three architects have contacted the burgess, Heiges said. The charge would be one per cent for a preliminary survey, three per cent for the plans and two per cent for supervision of the work, he said. Estimate of the cost was based on comfort stations constructed in other cities, including one under construction in Harrisburg, he said.

Council adopted the 1949 budget, totaling \$119,255.50, of which \$24,000 is for the comfort station.

State Approves County Payments

Auditor General G. Harold Wagner has approved payments totaling \$198,432.51 to police pension funds in 108 municipalities in the Commonwealth. The money is part of a \$1,058,745.93 fund available for distribution to municipalities having police departments, and the State Police Retirement Fund.

The payments are made under the provisions of the Casualty Insurance Act. The fund represents one-half of the two per cent tax collected on foreign casualty insurance premiums written in the Commonwealth during 1947.

The municipalities sharing in the money released today for payment and the amount allocated to each, are listed below by counties:

Adams: Boroughs: Gettysburg, \$792.55; Littlestown, \$329.96; New Oxford, \$159.96.

RECEIVES CAP

Miss Ilene Wagner, daughter of Mr. and Mrs. Henry Wagner, of Table Rock, was a member of a class of nurses of the York hospital, who were capped in a ceremony held Monday evening at the nurses' home. Among those who attended the exercises were her parents and her grandfather, Samuel Bair, of Hanover. Miss Wagner was graduated from Biglerville high school last spring.

TRUCK DRIVER HURT IN CRASH

The driver of a gasoline tank truck which left the road, plowed through a ditch, breaking off four telephone poles and tearing down a number of wires, and ended up in a field on the Sunshine Trail at 12:15 a. m. today was treated by Dr. James Allison, Emmittsburg, for lacerations of the left leg, forehead and nose.

Charles Russell Hughes, 22, of Carrolltown, Md., the driver, was taken to the doctor's office by a passing motorist. State police of the Gettysburg substation, who investigated the accident, said the empty gasoline tractor-trailer was traveling down grade about three miles east of Blue Ridge Summit, between that place and Zora, and ran into the ditch on the left side of the highway.

It struck a United Telephone company pole, broke it off, and knocked down three other poles and a number of telephone wires. It came to a stop about 50 feet from the highway in a field.

Police estimated damage to the truck at \$700 and to the poles and wires at \$300.

Parking Meters Return \$1,973.29

The borough started the month of February with a balance in the general fund of \$38,080.62, and ended the month with \$32,194.97, according to the monthly report of Treasurer John H. Basehore, submitted at the regular meeting of borough council Monday night at the engine house.

Expenses for the month totaled \$7,889.94, and receipts were \$1,973.29. The receipts were from parking meters. Baltimore street meters took in \$495.36; Center square, \$464.01; York street, \$448.12; Chambersburg street, \$442.71, and Carlisle street, \$123.09.

Police Report

Chief of Police Robert C. Harpster reported 23 arrests during February, 13 for motor code violations, four for disorderly conduct, three for burglary, two for robbery and one for forgery. Two juvenile cases were investigated. There were six automobile accidents involving 16 autos, with estimated damage of \$1,400.15. One stolen automobile was recovered, and three stolen bicycles recovered. Stolen property valued at \$3,100.55 was reported recovered.

The report of the burgess showed seven building permits issued at \$39; digging permits, \$280; sewer permits, \$150; theater tax, \$575.47; mowing weeds in Locust Grove, \$52.50, and fines collected, \$75, a total of \$1,023.87.

UNDERGOES OPERATION

Mrs. C. A. Chronister, Biglerville R. 2, is reported in a satisfactory condition following an operation at the Warner hospital Monday.

Club Program Open To Public

All members of the Woman's club of Gettysburg may bring a guest to Wednesday's meeting to hear Mrs. Jeannette M. Dye, serving her third term as a member of the House of Representatives, Harrisburg. Also, any others interested in hearing this well known legislator speak on her bill in the legislature to segregate juvenile delinquents from hardened criminals, will be welcome.

Mrs. Henry M. Scharf, president of the club, said the club was opening the speaking session, which will begin about 2:30 o'clock, in the YWCA, to the public because of the widespread interest in Mrs. Dye and her proposed legislation.

The business session of the club will open at 2 o'clock. Tea will be served.

BOROUGH BUYS PLANK DUMPING GROUNDS, \$3,000

Council, at its regular March meeting in the engine house Monday evening voted authority to the finance committee to purchase the Paul Plank dumping grounds off the Baltimore pike from the Gettysburg National bank for \$3,000. The borough has been leasing the grounds for \$175 a year. It receives approximately \$150 a year for garage permits, the burgess said. The property is located on the old McAllister Mill road, and also has an entrance near the bridge over Rock creek. Biglerville, New Oxford and Dillsburg also dump on the property, it was said.

A proposed new building ordinance was again presented to the council, but action on it was deferred to the April meeting. The proposed ordinance will be posted in the office of the burgess for public inspection.

THREE NAMED TO GIRL SCOUT BOARD MONDAY

Three board positions were filled and reports on the growth of the Girl Scout movement in Adams county were received at the March meeting of the board of directors of the Adams County Girl Scout Council Monday afternoon in the Little House, East High street.

Arnold Orner, Arendtsville, was appointed chairman of the finance committee. Mrs. Fred Faber, Jr., was named chairman of the Juliette Lowe committee and Mrs. Violet Hill was appointed to fill a vacancy on the staff and office committee. The selections were made unanimously after a report by Mrs. George F. Eberhart, chairman of the nominating membership committee.

Mrs. John Roberts, council registrar, said four troops had been registered last month and that Girl Scout membership now stands at 113 Brownies, 281 intermediates and 72 seniors with 72 leaders, 93 committee members and 14 board members.

Part-Time Secretary

Mrs. J. Walter Coleman, council president, presided at the meeting at which it was announced that Miss Betty Baltzley, Arendtsville, is serving as a part-time secretary in the local scout office with hours from 9 to 12 in the morning and 1 to 5 in the afternoons on Mondays, Wednesdays and Fridays. The appointment permits the office to be open on specified days, it was pointed out, and permits Miss Tupper to be carrying out her duties of visiting and counselling with troops during those days, when formerly she had to confine activities to the office.

Mrs. Luther Pittenturf, training committee chairman, reported that a leaders training course is underway in York Springs and that the board of directors will have an afternoon-evening training course this afternoon and evening at the

More Than Third Of Red Cross Fund In

The Adams County Red Cross campaign for \$11,185 passed the one-third mark today when total donations reached \$4,140.11.

Most districts in the county have not yet submitted final reports although the partial reports received to date indicate many districts will go over their 1948 totals.

Philip M. Jones and Richard E. Drees, co-chairmen of the drive, have asked all solicitors to make their final reports by Thursday.

UPPER ADAMS FACING LARGE PUPIL INCREASE

Confronted with an anticipated increase of 30 per cent in first grade enrollment for the school year 1949-50, the executive committee of the Upper Adams joint school board, in its meeting Monday night at Biglerville pondered the problem of how to house its expanding school, population in the system's already overcrowded elementary classrooms.

Leslie V. Stock, supervising principal, said preliminary school census figures indicate the load will be heaviest on the Biglerville elementary school unit. First grade classrooms are at present operated in Arendtsville, Bendersville, Biglerville, and at the Wenksville and Locust Grove schools.

The committee asked Stock to explore the possibility of redistributing pupils in the elementary grades to minimize crowding. At the same time the finance committee was asked to report on costs and possibility of constructing a new elementary unit.

Dates were announced for the holding of pre-school clinics, May

Bill Odom Completes Record Flight From Hawaii; 36 Hours

Teterboro, N. J., March 8 (AP)—Big Bill Odom soared in from Honolulu shortly after noon today setting a 5,000 mile world's non-stop record for light planes.

The 29-year-old former World War II ferry pilot, already holder of the world-circling speed record, touched down his tiny monoplane at this north Jersey airport at 12:06 p. m. (EST), 36 hours and one minute after leaving Honolulu.

It was Odom's second attempt to bring his single engine, 185-horsepower plane non-stop from Honolulu to Teterboro, which is about four miles west of New York city across the Hudson river.

He carried 288 gallons of gasoline. The exact mileage of the long distance hop awaits an official check of his sealed instruments, but flight sponsors estimated it between 4,999 and 5,010.

Odom streaked over the field at 12:05 p. m., exactly 36 hours after taking off at Honolulu. He circled

the field, then came in for a perfect landing. The lanky pilot taxied his Beechcraft Bonanza "Waikiki Beach" along the runway, stopping at a hangar. His plane was followed by an ambulance and two fire trucks.

Hundreds of persons immediately swarmed around the plane as Odom brought it to a stop at 12:09 p. m. A bright sun shone through and there was a crisp north-to-northeast breeze as Odom swooped onto the field. To the east New York's towering skyscrapers were clearly visible.

Odom hopped out of the plane and crouched on the right wing for pictures and well-wishing handclaps. The pilot was hatless when he emerged from the plane's door but quickly put on the grey homburg which he wore when he left Honolulu.

His first comment: "I feel just like a business man, coming home on an easy trip. The only trouble I had was over the Rocky mountains, where I had some bad weather."

1,000 Dogs In County Untagged

H. E. Oakes, local dog law enforcement officer, today warned the owners of more than 1,000 unlicensed dogs in Adams county that they had best secure a license, before a survey to locate unlicensed dogs is made.

So far 3,750 dog licenses have been secured from the county treasurer; as compared to 4,600 licenses issued last year. Normal increase in dog population would indicate that at least 1,000 dogs are unlicensed, Oakes said.

DYNAMITE AND BLASTING CAPS FOUND IN TOWN

Fire Marshal Eugene S. Sickles today issued a warning against the storage of explosives within the borough limits, following the discovery Monday of 120 sticks of dynamite and 1,560 blasting caps in the basement of the Gettysburg Hardware store in the downtown business section.

"This building contains two stores and an office, with apartments on the upper floors," Sickles said. Thirty two persons live in it," he added. "The storage of the dynamite and blasting caps was a threat not only to these people, but dangerous to firemen and others in the event of a fire in the building. Other combustible materials were also found stored in the basement."

Town Storage Forbidden

Sickles said that a storage shed at the John S. Teeter and Sons quarries off the Baltimore pike is the only place in this area approved for storage of explosives. He said that storage of explosives in a building in the borough such as discovered Monday was a violation of section 9 of the borough fire ordinance and of rule 3 of the Pennsylvania Department of Industry and Labor for the storage and handling of explosives.

The borough ordinance, he said, provides for fines from \$20 to \$100, and the state regulation imposes penalties up to \$500 and imprisonment. Dealers must also have licenses to handle dynamite, and must keep records, he said.

Explosives Removed

Sickles said the owner of the store was warned Monday to remove the dynamite and caps. State authorities were notified. When Sickles and a state policeman returned to the store, the dynamite had been removed, he said.

The fire marshal said he completed Monday an inspection of 59 basements in the business district of the borough, 60 per cent of which he said, were found clean and clear of fire hazards. He rated the other 40 per cent from "fair" to "dangerous." Sixteen owners or occupants were ordered to clean up their basements.

REV. HARLACHER EXPIRES IN YORK

The Rev. G. W. Harlacher, 73, Dover R. 1, presiding elder in charge of the Lower Conewago Church of the Brethren, died at 7:55 a. m. Monday at West Side Osteopathic hospital, West York.

A retired farmer, Rev. Harlacher has served as treasurer of the Brethren Home for the Aged for a period of 31 years.

Surviving are the following: His wife, Ruth Murphy Harlacher; seven children, Mrs. Oscar Mummert, Mrs. Rufus Julius, Farmer Harlacher and Harlan Harlacher, all of Dover R. 1; Mrs. Ruth Brown, York; John Harlacher, Detroit, Mich., and J. Walter Harlacher, York; 18 grandchildren, four great grandchildren, three brothers, D. B. Harlacher, York Springs; John E. Harlacher, El Paso, Texas, and Joseph E. Harlacher, Seattle, Wash.; one sister, Mrs. E. E. Nell, York Springs.

Funeral services Thursday at 2 p. m. at the Bermudian Church of the Brethren. Rev. Dr. Ralph W. Schlosser, Elizabethtown, and Rev. J. Albert Cook, Dillsburg, will officiate. Interment in Mummert's Meeting House cemetery.

NCCW MEETING

The monthly meeting of the St. Mary's unit of the NCCW was held last Friday evening at the parish hall in Fairfield. Mrs. McCauslin, the president, presided. The Rev. Vincent J. Topper, pastor, opened the meeting with prayer. The next meeting will be held Friday, April 1.

The borough of Gettysburg will begin its war on the mosquito nuisance earlier this year, and hopes to make it much more effective.

Councilman Fred A. Hummelbaugh, who was acting chairman of the "mosquito committee" last year during the illness of Councilman L. D. Shearer, chairman, brought up the mosquito question at Monday night's meeting of the borough council.

"Mosquito time is coming up. What do you want to do about it?" he asked.

Spray Stagnant Water

His action resulted in the re-appointment of last year's committee, composed of Councilman Shearer, chairman, and Councilmen Hummelbaugh and Wilbur J. Stallsmith, and authorization, after considerable discussion, for the employment of a man to hand-spray, with oil, all stagnant water in Rock creek and elsewhere, preliminary to any later general spraying of the borough by ground dusting or by airplane.

Councilman Hummelbaugh suggested the one-man job, which would include, he said, making a map of all spots where mosquitoes breed, then spraying these spots to stop the nuisance at its source. He suggested that samples should be taken and spraying be done every seven days.

FARMERS GET \$49,507 IN U.S. LOANS ON CORN

Forty-four Adams county farmers have placed 31,137 bushels of corn under loan with the United States government. They were loaned a total of \$49,507.83 on their crops, the local office of the Agriculture Adjustment Administration revealed today.

Over 50 farmers applied for the loans during December, January and February, it was revealed, but only 44 of the applications were acceptable.

The loans are made by the government to Adams county farmers at a rate of \$1.59 a bushel. Under the program the farmers keep their corn and can sell it if they wish at a price higher than \$1.59 at any time between now and September 1. If they sell the corn they repay the loan and pocket the difference between the loan and the amount they received for the corn. If they cannot sell it at a higher figure the corn becomes government property

"ART" BUEHLER IS WITH H & H

Arthur R. "Art" Buehler, Gettysburg R. 1, Monday assumed his duties as sales manager for the H. and H. Machine shop, South Washington street.

The position marked Buehler's third "garage job" in 33 years. He began his career as a "gasoline boy" with David Forney at the Gettysburg National garage in 1916. Later, after attending college here and working for the Western Maryland railroad for a number of years, he joined the force of the Glenn L. Bream garage in 1924, about a year after that establishment was opened. He was service manager for Glenn L. Bream until last month.

Present president of the local Elks club, a past grand exalted ruler of the local Elks and a past master of the local Masonic lodge, Buehler is married and the father of four children.

He began his "garage career" working seven days a week, 12 hours a day for \$2.50 a week during the summers while going to school. As gasoline boy at the National garage he operated a one-gallon gasoline pump, which required winding up to deliver a gallon and then the handle had to be wound back and re-wound before another gallon would be delivered to the vehicle receiving the gas. Among his duties during World War I was supplying gasoline for army convoys made up of 40 to 50 trucks and each truck required from 15 to 25 gallons of gasoline, when they halted at the National garage here en route to Baltimore.

The board voted to take two memberships in the Pennsylvania Camping association. Reports showed the Leaders' club very active, with the next session to be held at York Springs March 30.

Plans for recognition of outstanding Girl Scout leaders in the county were discussed. In connection with the June council meeting three special awards will be given to outstanding leaders in the Browns, Intermediate and Senior scouts.

Most of the board members signified their intention to attend an all-day conference for Girl Scout workers at Hershey April 2. It was announced that a number of radio programs on Girl Scout activities are being presented this week in connection with the 37th birthday of Girl Scouting in the U. S. March 12.

Cpl. Bartlett Talks To Drivers' Class

Cpl. Jack Bartlett, of the local sub-station of the Pennsylvania State Police, was the speaker Monday evening at the regular session of the Drivers' Safety training course being held by the Recreation Association night school at Gettysburg high school.

Corporal Bartlett outlined the factors in which drivers are found weak when undergoing examinations for their driver's licenses. Among the "weak points," he said, are failure to put cars in proper position when making left and right turns. Such failure has been the cause of a number of accidents which he has investigated, the policeman added.

Jack Cessna, teacher of the course, said that a reactometer, to test the speed of reactions by drivers, is being sent here through courtesy of the Aetna Insurance company, for use by the members of the class. He also added that arrangements are being made by the Recreation Association to permit others to utilize the reactometer which will be here after April 1.

Auhlenberg Opposes Bullets In Final Home Game Wednesday

A battle royal is expected to be waged in the Eddie Plank Memorial stadium at Gettysburg college Wednesday evening when the potent Auhlenberg college quintet will oppose the Bullets in the final home game of the season for Coach "Hen" Ryan's charges.

The game has been a sell-out for week, consequently no tickets will be sold at the box office Wednesday evening. Only fans with tickets will be granted admission to the gym. Back on February 5 the Bullets invaded Allentown and pulled a big set by edging the Mules 61-59 in game which saw the lead change 23 times. It is certain the Mules will be out to wipe out the sting of that setback here Wednesday.

Mules Unpredictable
Muhlenberg has blown hot and cold all season but apparently has gained its expected form by defeating Long Island university and edging Lehigh within the last week. Potentially, the Mules have one of the strongest teams in the state and if they play the ball they are capable of it will mean a very big evening for the Bullets.

Coach Bream and his lads are fully cognizant of the task that confronts them and are ready for a stiff fight.

Harry Donovan, senior, all-state guard a year ago, was limited to jump shots at Allentown by Walt Rehner and if the Bullet star can replicate that performance the Bullets' chances for victory will be greatly enhanced. Donovan has been a key man in practically all of the Auhlenberg triumphs.

Rounding out the starting lineup the visitors will be such well known stars as Jackson, forward; McGee, center; Saemmer and Marshall, guards.

The Mules have a record of 15 wins against eight losses, and number such teams as Temple, Seton Hall, Lafayette, Cornell, Bucknell, high, Long Island, Scranton and Lehigh among their victims. Gettysburg has won 14 while losing eight.

Two Seniors
Only two of the Bullet squad will be in action for their final home game on Wednesday. They are Bud Rehner, center, and Bobby March, forward, both of whom are seniors.

Coach Bream will select his starting lineup from Bucky Harris, Walt Rehner and Ross Sachs, forwards; Harry Pure and Boehner, centers; Hank Belber and Bob O'Brien, guards.

The Bullet freshmen, with a record of 10 wins against but three defeats, will clash with the Mule yearlings in the preliminary game at 7 o'clock. This is the first meeting between the teams.

Trojans-Red Lion Play Here Tonight

A near-capacity crowd is expected to be on hand tonight to witness the Chambersburg-Red Lion high school semi-final District 3, PIAA, Class A basketball tilt on the Gettysburg college floor.

The game will start at 8 o'clock with the doors opening at 7 o'clock.

Chambersburg copped the South Penn league title this year for the sixth successive time and its over-all record for the season shows 19 victories and but one setback. Red Lion finished in a second place tie in the South Penn league and is representing that league in Class A play.

Coach Schlichter's Trojans are expected to win with ease. Tonight's winner will meet the winner of Friday's York-Muhlenberg township game for the District 3 title at the Hershey Sports arena Friday, March 13.

YORK SPRINGS DIVIDES GAMES

The York Springs high cagers dropped the curtain on their 1949 season Monday evening by dividing a pair of games with St. Mary's Catholic school at Hagerstown.

After being deadlocked at the close of each of the first three periods, the York Springs boys dropped a 55-52 decision. Dale Guise, forward and captain Bob Wolf, center, both of whom will be lost via graduation, tabbed 21 and 16 points, respectively, for York Springs. The defeat was the 15th against one victory for York Springs.

Coach Jean Ferguson's girls spurted in the last half to win the preliminary game 22-12. It marked the sixth win against 10 losses for the countians. Those playing their final game for York Springs were Janice Brough, Joan and Jean Harbold and Barbara Chronister.

Kentucky Wildcats Called Top Team

New York, March 8 (AP)—Kentucky's Wildcats are national collegiate basketball champions of the 1948-49 season and Illinois, Villanova, UCLA, Wyoming and Rice join them as leaders of their own particular ballclubs.

These were conclusions of the final Associated Press poll, in which 161 writers and broadcasters throughout the country made their picks on both a national and sectional basis.

They were asked to vote for the top ten teams in the country and the top five in their own regions.

The Olympic-seasoned Kentuckians received 136 of the 161 first place votes and wound up with a total of 1,546 points that left the other teams straggling behind in this order: Oklahoma A. and M., St. Louis, Illinois, Western Kentucky, Minnesota, Bradley, San Francisco, Tulane and Bowling Green.

SEVEN TEAMS ACCEPT CAGE TOURNEY BIDS

Seven teams have accepted invitations to take part in the annual Middle Atlantic Collegiate Athletic Association basketball tournament and officials are awaiting acceptance of the eighth team.

Lehigh university was tendered a bid this morning to replace Muhlenberg which announced late Monday evening it would not defend its championship.

Teams accepting include Gettysburg, Dickinson and Lebanon Valley, non-league representatives; PMC and Swarthmore of the Southern division, and Scranton and Albright, of the Western division.

Lafayette had previously announced it would not accept if invited due to having 29 games on its regular schedule. LaSalle also shunned an invitation.

Pairings will be made as soon as Lehigh, or an eighth team, has accepted.

Opening games of the tournament will be played Wednesday evening, March 16, two games at Rockne Hall, Allentown, and two on the Northwest Junior high court, Reading. Semi-finals and the finals will be played March 18 and 19 at the Palestra, Philadelphia.

Norristown Champs Fall Before Radnor

Harrisburg, March 8 (AP)—A new PIAA Class A state champion will be crowned in Philadelphia's Convention Hall April 2.

The Norristown Eagles, the defending state title holders, bowed out of the 1949 picture last night as they absorbed a 44-40 defeat at the hands of Radnor.

It was the Eagles' second loss in their past 37 contests and advanced Radnor's perennial District 1 contenders into the final round of the district playoffs. Radnor will meet Ridley township, who edged Pottstown, 56 to 55 in the opener of the Penn Palstate doubleheader.

In the west, a WPIAL quarter-final contest at the Pitt stadium floor saw Coach Davies' Homestead Steelers turn back Charleroi.

Total amount three-quarters inch south portion, and one-half inch north portion.

Western Pennsylvania, Ohio and West Virginia: Temperature will average four or five degrees below normal; colder Wednesday and continued cold Thursday, with rising trend Friday and Saturday; colder again Sunday; rain south portion, and rain or snow north portion Wednesday and rain about Saturday; total amount one-quarter inch north and one-half inch south portion.

Rheumatic Fever Is Called "Sneaky"

Harrisburg, March 8 (AP)—Rheumatic fever has been labelled a "sneaky" disease which kills or handicaps more children than all other diseases combined.

Dr. Andrew B. Fuller, Pittsburgh, told medical workers assembled here on Friday that while infantile paralysis victims go to a hospital rheumatic fever sufferers stay at home.

"For this reason," he said, "the popular imagination is not excited."

Fuller said that parents must be alerted to the dangers of this disease and taught to take prompt action.

ner, 35, Williamsport, Pa. Seriously injured was the operator of the other truck, William Speer, 26, Malvern, Chester county.

Royall To Be Next High Official To Go

Key West, Fla., March 8 (AP)—Presidential confidants disclosed Monday that Secretary of the Army Kenneth C. Royall is the next high ranking administration official to go.

These reputable but unquotable-by-name officials said Royall will step out within 10 to 20 days. His successor has not yet been decided upon, they reported.

Meanwhile, the President settled down to the enjoyment of a fortnight's vacation at his naval submarine base—his sixth trip to Florida. He flew in yesterday, landing at the Boca Chica airport, eight and a half miles from here.

He will fly to Orlando tomorrow and drive to Winter Park where he will speak and receive a degree from Rollins college.

Council Names

655.50 is the amount estimated that the borough will need for operational expenses until June 1, when the new tax monies become available. The actual budget total is \$94,600, apportioned as follows: safety, \$31,000; highways, \$30,000; sewers, \$12,000; utilities, \$8,000; health, \$600; miscellaneous, \$4,000; property, \$509, and finance, \$8,500.

Retain Tax Rate

A resolution was also adopted setting the 1949 tax rate as 11 mills for the general fund and two mills for the special fund. The rate is the same as last year.

The finance committee recommended that all salaries and wages be left at 1948 levels, and council adopted this recommendation with the exception of the salary of Edgar Shellman, highway department foreman, whose salary was increased from \$170 to \$180 a month.

Council exonerated \$586.95 general fund taxes and \$173.88 in special fund taxes, at the request of Tax Collector Herbert Weikert.

Receipt of \$80.34 from the Adams County Motors, representing the refund of the federal tax paid on the new police automobile, was reported by the secretary. This was \$15.06 less than the anticipated amount.

Asks Restricted Parking
A request from Postmaster Lawrence E. Oyler for restricted parking on East High street at the entrance to the rear of the post office, to accommodate the new highway mail truck, was referred to the highway and safety committees. The postmaster, who appeared before council, said the mail truck is 35 feet in length, and with cars parked on the street is unable to get into the driveway at the rear of the post office. Authority rests with the burgess to have temporary signs erected.

Oyler suggested that parking be restricted between 9 and 10 a. m. and between 5 and 6 p. m.

A request from Paul Whitmoyer, director of the Gettysburg Recreation association, for a half-day's use of highway equipment to level off playground sites and draining of water from the playground lane at the west end of Breckenridge street, was referred to the highway committee.

Former Enemy Of FEPC Now Backer

Harrisburg, March 8 (AP)—One of the legislature's most outspoken foes of a fair employment practices commission came out today for the idea.

Rep. Adam T. Bower (R-Northumberland) sponsored legislation to establish an anti-job discrimination agency but it had a few frills that may not be relished by FEPC supporters.

For one thing, it extended a ban against discrimination by unions. And the procedure for filing and disposing of complaints is a big departure from FEPC bills of the past.

Bower is chairman of the House Labor committee which has killed FEPC bills of other years. But Bower's declaration of policy in the preamble of the bill is as strong as any ever proposed before in Pennsylvania.

White Run

White Run—Miss Jeanne Bucher, of Harrisburg, spent the week-end at the home of her parents, Mr. and Mrs. Clair Bucher. She was accompanied home by Miss Barbara Goss who spent the week-end at the Bucher home.

Mr. and Mrs. Joseph Garrity, of Baltimore, spent Thursday at the home of Mrs. Garrity's parents, Mr. and Mrs. J. C. Lamont.

The Ladies' Aid society of Grace Lutheran church, Two Taverns, will hold their regular meeting this evening in the social hall.

Mr. and Mrs. Clair Bucher and daughters, Jeanne and Mary, and Miss Barbara Goss and Mrs. Charles Bucher were Sunday afternoon guests at the home of Mr. and Mrs. Noy Lightner, of Landisburg.

Abbottstown

Abbottstown—Mrs. Cloyd Sullivan and daughter have returned home after a three months visit with relatives in England.

The bridge club met last week at the home of Mrs. Charles Grim.

Mrs. Wilford Mummert, Jr., and daughter, Sandra, are improving after an attack of measles.

Mrs. Elmer Butt spent Sunday in Lancaster.

EUROPEANS ARE MORE HOPEFUL DESPITE REDS

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

If the Molotov mystery presages a shift in foreign policy, this may be due in large degree to the fact that the nations of Western Europe are showing a steadily growing confidence in the future.

It would be going too far to say that these harrassed countries have lost their fear of untoward contingencies. But they are demonstrating faith that they can deal with aggression if it should develop.

This faith undoubtedly is based primarily on the leadership and strength of America. Linked with that, of course, is the courage inspired by the success thus far of the Marshall Plan in rehabilitating a great bloc of countries. Most of these states were so shattered by war that they could neither defend themselves nor, in some cases, feed themselves adequately.

Striking evidence of this lift in morale is seen in the attitudes of Norway and Denmark towards the highly controversial North Atlantic Alliance. Both these countries had been warned to steer clear of the Atlantic pact being forged by America, Canada, Britain, France, Belgium, The Netherlands and Luxembourg.

Reject Red Offer

Yet Norway has rejected Russia's offer of a non-aggression pact and has joined the Washington negotiations for the Atlantic treaty. She defended her right to decide her own security problems, and told Moscow a non-aggression pact wasn't necessary since both countries were members of the United Nations.

Meantime Danish Foreign Minister Rasmussen is scheduled to leave for Washington tomorrow to seek "the best possible basis for Denmark's final attitude" towards the Atlantic pact. Diplomatic observers interpreted this as indicating that Denmark finally had decided to play ball with the west, although there has been no official announcement to this effect.

Norway's attitude puts her in a delicate position—or does it? Anyway, on January 29 Russia warned her Scandinavian neighbor not to join the Atlantic Alliance.

Still Norway is going ahead, showing confidence and determination.

Orrtanna

Orrtanna—Bobby Kepner, of Harrisburg, is spending a two-week vacation with his parents, Mr. and Mrs. Mervin Kepner.

Mrs. Leslie Powell, of Puerto Rico, spent several days the past week with Mr. and Mrs. Wilbert Riggeal and daughter, Emma Jane.

Milton Wetzel, 70, who submitted to an operation a week ago at the Warner hospital, is reported to be improving nicely.

Mr. and Mrs. Donald Baker, of Baltimore, visited over the week-end with their parents, Mr. and Mrs. Wilmer Wetzel, here, and Mr. and Mrs. Howard Baker, near Gettysburg.

Arthur Wetzel, Douglas Donaldson, Guy Donaldson and Chester Cornwell, all of Orrtanna, and William Bucher, Cashtown, attended the basketball game in Baltimore Saturday evening between the Baltimore Bullets and the Philadelphia Warriors.

Mr. and Mrs. Jacob Heiland and daughter, Sara, of York, visited Sunday at the Milton Wetzel home here.

Mrs. Wilbert Riggeal and Mrs. Frank Newell entertained the WSCS of the local Methodist church at the Newell home at the February meeting. There were 18 members present and four guests including Mr. Newell, Larry and Elaine Newell and Miss Margaret Donaldson. Devotions were in charge of Miss Pauline Dear-dorff. After the regular program and business, refreshments were served and a social hour held.

Mr. and Mrs. Maurice Sharras have moved from the Edward Sharras property, Orrtanna R. D. to the Herbert Miller property, Fairfield R. D.

Mr. and Mrs. Frank Newell and children, Larry and Elaine, were recent dinner guests at the home of Mr. and Mrs. Clarence Gardner at Hunters Run in observance of the birthday anniversary of Mr. Gardner.

Mrs. J. E. Spence recently accompanied her son and daughter-in-law, Mr. and Mrs. Ellwood Spence, of Frederick, to York, where they visited the former's son-in-law and daughter, Mr. and Mrs. George Neely, Jr.

Mrs. Curt Chapman is recovering from injuries she sustained when she slipped and fell in her Orrtanna R. D. home on February 27.

Alvan Stonelifer, Sr., who was discharged from the Warner hospital after a week's confinement there, is reported to be getting along satisfactorily.

Robert Boyd, this place, accompanied his son-in-law and daughter, Mr. and Mrs. Robert Boyd, of Frederick, to Hanover, on Sunday to the John Loucks' home due to the death of Mr. Loucks.

The first record of skating in England was in the 12th century, when skates were made from the bricket bone of an ox and fastened by thongs to the sole of the skater's boot.

Local Miscellany: A little German Band made sweet music on our streets last Thursday, and the robins and bluebirds have been seen, so if spring doesn't seem to be here, we at least have her harbingers.

The Daughters of Liberty will hold a social and ball in the new Masonic building next Friday evening, March 10th. Tickets 50 cents, admitting gentleman and lady.

Three loud peals of thunder awakened a number of people in this place at 2 o'clock last Sunday morning.

Eggs were scarce last week, bringing as high as 30 cents a dozen. John Tawney has erected a stable on the rear of his premises on South Baltimore street.

As we go to press, a "baby blizzard" is playing with Mister Winter's whiskers. We hope the old gentleman will not get mad and turn the March lamb into a lion this early in the month.

The new Town Council will meet Tuesday night for organization. The outgoing members the Edw. M. Wolf, 1st Ward; Geo. E. Stock, 2nd Ward, and Adam Erter, of the 3rd. The new members taking their places are Edw. M. Wolf, reelected; Collin E. Spangler, 2nd Ward, and Jacob Patterson, of the 3rd Ward. Town Council is composed of seven Republicans and two Democrats.

Today's Talk

By GEORGE MATTHEW ADAMS

IMPOSSIBLE—BUT YOU DO IT!

Can any one of us gain a greater thrill than this one—to do something that we know we can do, but which people have said we couldn't do? Most of us experience just this, and then it is that we establish a kinship with the stars! It's always a pleasurable triumph.

The realm of the impossible keeps shrinking all the time. Comparatively, it was but a few years ago that Charles Lindbergh flew non-stop from New York to Paris. Recently, however, a plane made a non-stop flight across the United States in less than four hours, and cross-Atlantic trips are now routine. Planes are now flying as fast as sound—which is quite some speed! Could it be that some neighbor on Mars may be now wondering about what is doing on this earth of ours?

What a fantastic dream television was but a few years ago! And the dreams ahead look even more impossible—but they will come true, for there are always those who like to get joy out of doing what people say can't be done.

Dr. Jehl, the last living man who was with Edison when he finally produced the electric light, once showed me through the old laboratory of Edison's which Henry Ford created near in the Greenfield Village at Dearborn, Mich. He showed me dozens of inventions that Edison put his magic touch to—duplicating devices, telephones, typewriters, storage cells, the talking machine, the phonograph — and dozens of others. I dare say Edison got more downright pleasure out of doing things that people would have said were impossible than any man who ever lived. But he kept making them possible!

If we use our eyes and ears, we never know when we may catch the spark that may suggest some possibility that others may merely look upon as impossible. I once had a most interesting talk with the author of "Brains and Personality," the eminent physician, Dr. William Hanna Thomson, whose death occurred soon after. This is what he wrote in his book which he presented to me: "It would be well for all persons, of both sexes, to pay greater attention to the many thoughts which are suggested to us as we tread our way through life."

Through will and alertness alone we may become fathers to the possible—which others only look upon as the impossible.

Tomorrow Mr. Adams will talk on the subject: "Valleys."

They call it a "walker." He sits on the seat.

Applying the power with his two little feet.

And he goes round the rooms at a terrible pace.

Upsetting whatever is loose in the place.

"For your baby, dear daughter, no rule will obey.

Not yet a year old, but so reckless is he

He's a menace to slow-moving old folks like me.

And I think as I gaze at the damage he's done.

This place will be wrecked when he starts in to run.

SHIFTING OF
MOLOTOV MAY
CHANGE POLICYBy DEWITT MACKENZIE
AP Foreign Affairs Analyst

Whatever may be the exact reason for the sensational release of Vyacheslav Molotov from his position as Soviet Foreign Minister, it strikes me we may take it for granted that it isn't a purely domestic affair.

It portends some development of importance to foreign nations.

There are many guesses as to what is in the wind. Only developments will tell.

It could be that Molotov, who long has been Stalin's right hand, is being prepared to relieve the generalissimo of some of his duties.

It even might be that Molotov himself isn't well, and is having his task eased.

Is Molotov Shelved?

The thing most difficult to accept is that the change represents a shelving of Molotov. He is one of the original Old Bolsheviks, who came up through the revolution. He always has been close to Stalin and not only has been foreign minister, but premier and member of the all-powerful Politburo.

It has been generally expected that when Stalin got ready to retire, his mantle would fall on Molotov's shoulders. Has Molotov suddenly fallen from grace? It's hard to believe he has, though anything can happen these days.

It wouldn't be surprising to see a shift in Russian foreign policy. There certainly is room for a change of policy in Europe, because the Soviet policy hasn't been paying dividends. Western Europe has been recovering economically under the Marshall Plan. And along with that there has been a great strengthening of the defenses against aggression from any quarter.

Policy May Change

The morale of the western European democracies has been moving steadily upward. We get a good indication of that in the projected North Atlantic Alliance, to which Moscow objects bitterly.

So it's quite possible Russia may be considering a change of policy towards the west. The shifting of Molotov from the foreign office might be a part of the general strategy, without meaning that he was in disfavor.

Whether these mysterious moves may signal some new tactics in the cold war remains to be seen. In any event, I believe we can say this:

Whatever change there may be in Soviet tactics, as I see it, there will be no alteration in the fundamental program of destroying capitalism and creating a Communist world. That goal always has been unchangeable.

ROTARIANS ARE

(Continued from Page 1)

ice. An inspection committee from the National Board will visit any city at their request of the city authorities to conduct a survey and make recommendations of changes needed for better fire protection. The board's inspecting committee received its first great fame when it inspected San Francisco in 1905 and warned that the town was a fire-trap and predicted what happened the next year when that city's great fire occurred. Since that time the board has been asked to conduct 469 inspections of cities, Fissel said.

Operates Laboratory

The board also sponsors the underwriters laboratory to which thousands of articles are sent each year by Manufacturers for study. Those that are approved by the underwriters as so constructed as to be fire resistant, or in the case of electrical articles, that they are so constructed it will be impossible for them to cause a fire. The laboratory also makes factory inspections to see that articles it approves are manufactured according to the original samples, the speaker added.

Another service of the board, Fissel said, is the catastrophe plan which goes into effect when some great disaster strikes, such as the Texas City, Texas, fire. When such an event occurs, the national board notifies all fire insurance companies and sends a special unit to the scene. Investigators from all companies join the board's unit and all investigations are carried out without regard to which company may have insurance on a particular house or business establishment.

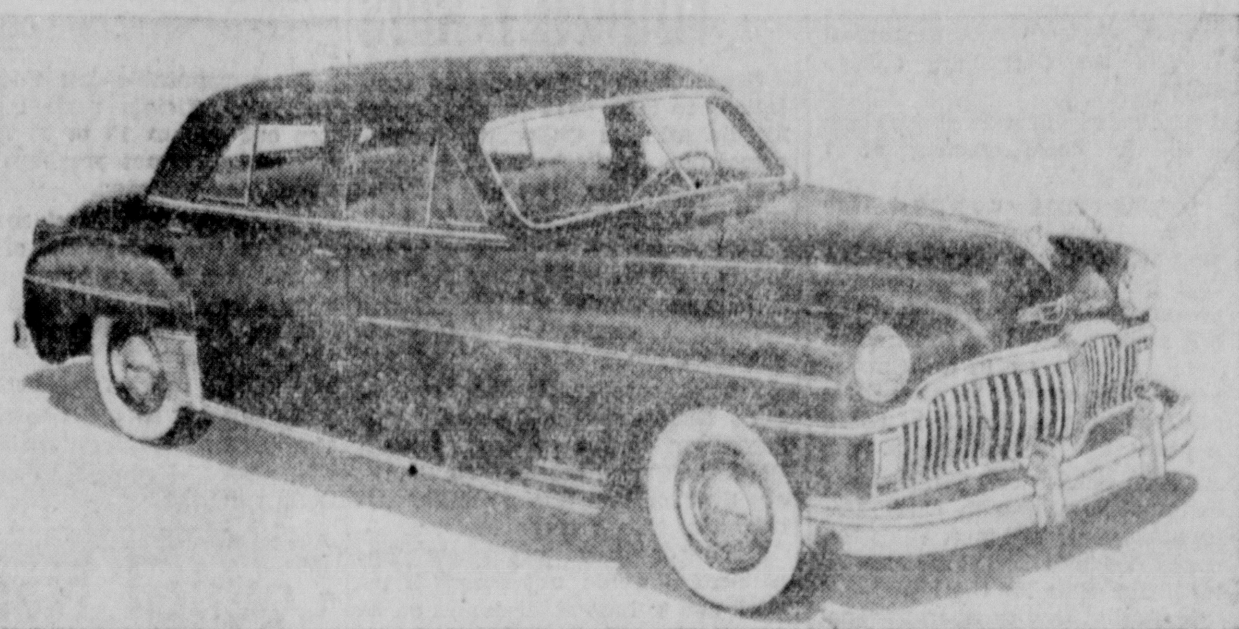

Paid Claims Early

By such a set-up most claims can be paid off within a few weeks time, Fissel pointed out, adding that within a few weeks after the Texas City fire, due to the work of the national board, more than \$4,000,000 in fire insurance claims with all different types of companies had been paid off enabling the city to begin reconstruction almost immediately.

Forty-nine attended the Rotary session at which president Mares Sherman, presided. Vice President William Tyson introduced the speaker, Attorney Edward B. Bulleit reported plans for Gettysburg's participation in the district conference at Carlisle April 17, 18, 19.

Plans were announced for the local Rotarians to attend an inter-city meeting with the Littlestown Rotary clubs at Littlestown next Tuesday evening. Forty members expressed their intention of attending the Littlestown affair.

First Picture of New De Soto

The new line of De Soto cars are now on display at Phil's garage, York street, and at the Biglerville garage. Representative of the entire line are the 4-door Custom sedan, shown above. They have clear, flowing lines; increased roominess inside; better visibility and a more powerful engine.

DE SOTO CARS

(Continued From Page 1)

width of the car is less. No headroom has been lost, yet over-all height has been reduced. Legroom has been increased.

"Roomier Inside"

The result is a car that is far roomier inside, where space is needed, yet easier to park, garage and handle in traffic because of elimination of unnecessary bulkiness outside.

Additional front seat legroom has been secured by recessing the right side of the instrument panel and by moving the heater under the hood, out of the way.

The De Sotos have clean, flowing lines and a long, low look, accentuated by handsome chrome trim that also protects fenders and body from scrapes and dents. Fenders can be quickly removed for economical repair and are designed so that tires may be changed and chains put on with ease.

The "cascade-type" chrome grille and massive "wrap-around" bumpers give the cars an attractive, broad-nosed look.

Visibility has been increased.

There is 24 per cent more glass area in the windshield and improved, noiseless electric wipers sweep 44 per cent more windshield area. The V-type windshield of uncurved glass provides full vision without distortion, an added safety factor. Chair-high seats let the driver and passengers take full advantage of the increased visibility. The steering wheel has been placed so that shorter drivers may see over it easily and long-legged drivers will not bump their knees into it.

Other safety factors include the

grouping of all instrument panel controls within instant reach of the driver; "black lighting" of control dials to eliminate glare; better hydraulic brakes; improved, easier steering; and new mounting of shock absorbers for better lateral control. Tail-lights have been placed to obtain maximum visibility from the rear and sides. Safety-Rim wheels provide safety in event of blowouts by holding tires and tubes in place.

The Powermaster engine has higher compression and the horse-power has been increased. The Tip-Toe hydraulic shift and gyrol Fluid Drive make De Soto "the car that lets you drive without shifting."

Other notable features are an automatic back-up light on Custom models; tamper-proof locks on window vents; thermostatically controlled All-Weather Comfort System which uses fresh air; and a fixed position toe-rest in sedans that permits plenty of legroom for rear seat passengers no matter how the front seat is adjusted. Booster springs can be inserted in front and rear seats, tailoring the seats to any weight. The luggage compartment permits the spare tire to be stowed upright to one side. The counter-balanced lid opens at floor level so that luggage can be slid in or out easily.

Among the many important mechanical improvements are a new ignition system which includes a splash-proof distributor; longer front coil springs; superior water-proofing of the engine compartment; dust-proof switches; thicker, softer rubber body mountings; an armored, theft-proof ignition cable and Parko-Lubrite treated cylinder walls for longer engine life. A turn of the ignition key now starts the engine.

The De Soto Custom line includes

a 4-door sedan, club coupe, convertible, suburban, and 8-passenger sedan. The de luxe line comprises a 4-door sedan, club coupe, station wagon, and carry-all sedan, a brand new idea in motor cars. The rear seat can be quickly and easily folded flush with the floor, providing an amazing amount of extra luggage and utility space.

FARMERS GET

(Continued from Page 1)
on September 1, wiping out the "debt."

June 30 Is Deadline

Most of the loans were made during January and February when farmers feared the price would fall below the support amount set by the government, its was revealed. By January 1 there were 7,437 bushels of corn for which loans totalling \$11,824.83 had been approved. By February 1 the amounts had jumped to 20,934 bushels and \$32,285.06. The figures listed in the first paragraph represent the amount of loans as of March 1. Several additional loans have been applied for since that time, the office revealed.

This year marks the first year Adams farmers have been permitted to take advantage of the loan service. Farmers have until June 30, to secure the loans if they wish, the local office said. Four county farmers have also taken advantage of a price guarantee plan by which farmers are guaranteed \$1.59 a bushel if they do not sell their corn by September. Under that program the farmers pay one-half cent a bushel for the guarantee.

To secure a loan on corn, it must have a moisture content below 20 1/2 per cent and be properly stored.

REP. SOL BLOOM
DEAD AT 79 OF
HEART ATTACK

Washington, March 8 (AP) — Rep. Sol Bloom, who rose from a childhood of near-poverty to riches and world prominence, died suddenly last night.

The colorful New York Democrat, chairman of the House Foreign Affairs committee and a familiar figure in the nation's capital for almost 39 years, was stricken with a heart attack at the Naval hospital in Bethesda, Md., almost on the eve of his 79th birthday.

The veteran lawmaker's death caught him at the top of a fabulous career. It included such varied pursuits as song-writing, acting, business enterprises — which reportedly made him a millionaire before he was 20 — and finally a seat in Congress and a position as one of the most prominent makers of American foreign policy.

Bloom was a man with many friends and few enemies. His death brought expressions of regret flooding from officials and the congressmen with whom he had served continuously for 27 years.

President Truman said he was "shocked and saddened" at the news

and commented that the congressman from New York "will be missed and widely mourned."

Speaker Rayburn (D-Tex.) him "one of the finest men I knew and one of the best friends ever had," adding: "Everybody loves a great soul will grieve Bloom's passing."

Bloom was born in Peikh, Ill., son of poor Polish immigrant most his only education was down by his mother, a scholar. At the age of eight, his family had moved to San Francisco, he found a job in a factory.

Some seventy years later he returned to the Bay City as one of the founding fathers of the United Nations organization. In the evening years he made his money in many fields — but principally show business.

William the Conqueror had

lished his authority as the mightiest lord in France by the time he was 24 years of age.

"The car designed with YOU in mind!"

It's new...it's different...it's better! Come in and see it

NO MATTER how many new cars you have compared this year...no matter what kind you thought you were going to buy...make no final decision until you have seen this new De Soto.

This is the car that you were hearing about long before it arrived. This is the car that was designed to fit YOU instead of you having to fit it. And what a difference that makes!

Here's the low, massive, modern look. But instead of having less room inside the car, you have more. More leg room, arm room, headroom. You step in through full-width doors. You don't have to

crouch behind the steering wheel. The roof doesn't scrape your hat. You ride in dignity and comfort.

You can see where you are going, too. Not only are windows and windshields bigger. You sit on luxurious chair-high seats. You ride cradled between the axles. And, as you know, De Soto lets you drive without shifting.

Many exciting new features. From the fresh-air All-Weather Comfort System hidden under the hood to the automatic built-in back-up light, they're all intensely practical. Come in and see them.

creak at least as far as Spangler's Spring. Hummelbaugh said, "Money is being wasted if we don't get at the source. Our previous methods attempted to get at the effect, rather than the cause," he said.

Hummelbaugh said "fogging" from the ground was the best method of overall control. "We found by careful observation that fogging benefits a greater part of Gettysburg than airplane spraying." Both methods were used here last year.

Hummelbaugh said, however, that he was not in favor of fogging or spraying alone. Councilman Shearer concurred in Hummelbaugh's assertions, and Burgess C. A. Heiges declared in favor of fogging rather than spraying by airplane.

The mosquito committee will hold a meeting in the near future to employ a man to do the hand-spraying and make other plans for elimination of the mosquito nuisance.

CATTLE--Fresh receipts were estimated at 1,200 head or about the same as the number marketed a week ago. In addition to the fresh arrivals, there were approximately 250 head that were held from last week. The run formed about four-fifths of the number offered the corresponding day last week.

Salable supply included the equivalent of 39 loads slaughter steers and 5 loads of stockers and cullers. Balance of the run was made up largely of cows and bulls, with only odd head lots of heifers on sale.

Trading was slow in all slaughter departments. Steers 25-50c, lower mainly, with some sales showing more than 50c decline. Highlights On Making Income Tax Returns

(Editor's Note: This is the 11th of 12 stories on who has to do what about his 1948 income tax return, for the deadline is March 15.)

By JAMES MARLOW

Washington, March 8 (AP)—This explains some of the deductions you can, and can't, take in making your 1948 income tax returns. Also listed are some kinds of income which, because they're tax-free, don't have to be reported at all.

Remember, right here, a couple of points:

1. There are various limits on the deductions you can take for medical expenses. They're explained at the end of this story.
2. For charitable contributions you can deduct no more than 15 per cent of your income.
3. But there's no limit on the other kind of personal deductions you can claim, if you can prove you had them and are entitled to them.
4. Don't get business deductions mixed up with personal deductions. On your 1040 long-form there are separate places for each kind.

Non-Business Deductions

This story deals only with non-business deductions and where they appear to be business deductions they're merely those of an employee, not employer.

Here's tax-free income which doesn't have to be reported:

Unemployment compensation; Social Security benefits; life insurance paid because of the death of the insured; inheritances, gifts or

bequests of money or property, although the income from them is taxable; sickness and injury benefits received through accident or health insurance or under workmen's compensation laws. Also—

Monthly government allowances to families of servicemen; mustering out pay; all benefits under the GI Bill of Rights, such for education and subsistence; state bonuses to veterans; disability pay; retirement pay for service-connected disability; allowances for uniforms; subsistence, traveling, quarters; pensions to veterans or their families for war services; all active service pay of enlisted men in the armed forces; and the pay of officers up to \$1,500.

Personal Expenses

Here are personal expenses which can be deducted:

Contributions (limited to 15 per cent of income) to charitable, religious, scientific, fraternal and veterans organizations, and non-profit educational institutions.

Here are other deductible personal expenses:

Due to a labor union; state income and personal property and real estate taxes except taxes which, like paving assessments, tend to increase the value of your property. Also—

Interest on your personal note to a bank or individual; a mortgage on your home; a life insurance loan, if you pay the interest in cash; delinquent taxes; interest on installment purchases. Also—

Other Deductions

State or local retail sales taxes; auto license fees; poll taxes; state gasoline taxes, except in Alabama, California, Florida, Louisiana, North Dakota, Utah, Wyoming, and Hawaii; property losses from fire, theft, storm or auto accidents when you weren't willfully at fault and you didn't get paid off for the damage; use of your car for business, which includes the cost of gasoline, oil, grease, repairs, cleaning; entertaining for business purposes; subscriptions to professional journals, books, papers and magazines bought for use in your profession; equipment, tools, and instruments used on your job; cost of work clothes and uniforms when not capable of taking the place or ordinary clothing.

You cannot deduct the following federal taxes unless paid for business purposes: Telephone, telegraph, or transportation, such as train or bus; admissions to theaters or sporting events, or club dues.

Nor can you deduct the federal tax on jewelry, furs, cosmetics, estates, inheritances or gifts imposed by the government, states or cities.

Medical Expenses

You can deduct for medical expenses but only that part which exceeds 5 per cent of your income. Example: Jones' income, \$9,000; his actual medical expenses, \$600. But 5 cent of his income is \$450, which leaves him only \$150 to deduct.

Even then you can't deduct an unlimited amount for medical expenses. Here are the limits:

Taxpayer claiming only one exemption, his own, \$1,250; taxpayers who are single or who are married and file separate returns and have dependents, \$2,500; married couples filing a joint return and claiming their own two exemptions, \$2,500; married couples filing a joint return and claiming three exemptions, their own two and one dependent, \$3,750; married couples filing jointly but claiming four or more exemptions, \$5,000.

Even then you can't deduct an unlimited amount for medical expenses. Here are the limits:

LIONS INDUCT 5

(Continued From Page 1)

Cessa, C. Ross Shuman, Crosby N. Hartzell, Donald M. Swope, President Hess and Fred G. Troxell, membership committee chairman, as a result of the campaign for new members in January.

The Lions' board of directors at a meeting after the general club session voted \$15 to the Red Cross, an increase of \$5 over last year.

Speaker for the evening was L. T. Goodling, Hanover, president of the Pennsylvania Rabbit Breeders' cooperative, who told the clubmen about the rabbit business in general and the plans of the cooperative for a processing and marketing plant to be erected at the eastern edge of McKnightstown.

More About Rabbits

Mr. Goodling said that farming and climatic conditions in Adams county are specially suitable for rabbit raising. He said rabbit meat can be produced at 15 to 17 cents per pound and is selling now at 30 to 40 cents, liveweight.

The McKnightstown plant, which will include a slaughterhouse, processing department, freezer system with 750 lockers and a fur tanning and processing section, will be able to handle five tons of rabbit meat
